Blue White Scholarship Foundation

March, April, May 2016

We Are Number One!

We were there! Alumni, family, friends, BWSF Scholars and our Blue White Club traveled to Houston to watch the "Shot For The Ages!" It was absolutely amazing. Everyone witnessed the outstanding coaching by Jay Wright and the incredible team playing, but just watching your television could never give you the feeling of the true "Nova Nation" spirit that filled the stadium. I have never felt anything like it!!!! We set a NCAA record on Saturday night when we crushed the Oklahoma Sooners 95 to 51. It was supposed to be an even match, but we attacked, attacked and attacked, and after shutting down Oklahoma senior guard Buddy Hield, it was a landslide victory. But Monday night's match was another story. The bookies in Vegas, as well as the National Sports Commentators, had #1 Seed North Carolina winning—but we had all the VU fans praying for us, and alumni and rooters had flooded into Houston from across the country. I expected that we could intimidate them just with our presence, but when we stepped into the stadium, to my shock 75% of the stands were filled with light colored shirts worn by the North Carolina fans. The battle began. "Let's go Nova" Clap, clap,clap, clap, clap" Let's go Nova" Clap, clap,clap, clap, clap"The cheers continued throughout the game non-stop!

The crowd roared as our beloved 1985 NCAA Championship Coach Rollie Massimino stepped on to the stage filling the Pep Rally room with that Blue White Magic. His protégé Jay Wright would soon see the same glory just hours later!

CLASS Student-Athletes Ryan Arcidiacono '16, Jalen Brunson '19, Josh Hart '17, Kris Jenkins '17, and Daniel Ochefu '16 started the Championship game

HOUSTON (AP) - One good shot deserved another. Kris Jenkins of Villanova wasn't about to be out-done.

Jenkins overcame the shock of watching North Carolina's Marcus Paige hit a double-clutch 3 to tie it by spotting up behind the right side of the arc and draining a 3 of his own at the buzzer to lift Villanova to a 77-74 victory and the national championship Monday night.

What a shot! What a game! The second-seeded Wildcats (35-5) had a six-point lead with 1:52 left, but watched it slowly trickle away. After all, Carolina never quits. Marcus Paige sandwiched a 3-pointer and a put-back around a bucket from Brice Johnson (14 points, eight rebounds) to help the Tar Heels stay within striking range. . Then, it was gone. Paige collected the ball and jumped to take the shot. With Ryan Arcidiacono running at him, Paige double clutched and pumped one from beyond the arc to tie the game at 74 with 4.7 seconds left. The North Carolina Fans went wild!

Villanova had erased a five-point halftime deficit and led by 10 with 5:29 left. The Tar Heels, the only No. 1 seed to make it to the Final Four, had now tied the game when Marcus Paige made the double-clutch 3-pointer with 4.7 seconds left. "Unbelievable shot. ... Just unbelievable," said Arcidiacono, who is from Langhorne, Pennsylvania. It looked like overtime. Only, it wasn't.

After a timeout, Arcidiacono took the inbound pass from Jenkins, worked the ball up-court and got it back. The unselfish point guard Ryan Arcidiacono was dribbling toward the basket with clock winding down and defenders closing in when he heard Kris Jenkins calling for the ball from behind. Arcidiacono passed to his open teammate, Jenkins took two quick stutter steps and, with daylight between himself and the defender, swished it from about two paces behind the 3-point line.

His 3-pointer beat the buzzer for a 77-74 victory over North Carolina on Monday night.

The Wildcats called timeout, but little had to be said before they went back on the court. Everybody in the huddle knew what play they would run.

"We work on that play every single day in practice. I'm always the one with the ball. I think coach has confidence in me and my teammates have confidence in me. I was trying to be aggressive," Arcidicono said. "It's not about me taking the right shot, it's about me making the right read. I think I just did that.". Right into the Wildcats lore forever.

The Force was with them!

Executive Director's Message

This will be the last Newsletter for the 2016 Fiscal Year and I have many "Thank-You's" to make. First, a special note of thanks to Jim O'Connor who coached me the ins and outs of layout for the newsletter and brochures. I still hear the words— Kate— You need lots of "White Space."

At this time I would like to acknowledge hand-written notes. Every month, twice a month, contributions are entered and Thank you Letters are printed. Many of the envelopes have a hand-written note and I read every single word of them. I want to say "Thank you" for all of your words of wisdom, ideas, and recognition. They are truly inspiring and oh so helpful. They really do mean a lot to me.

For those of you who gave multiple times through out the year, "Bless You." We are just starting the concept of Monthly Giving Societies and it makes a tremendous difference for small non-profits like us. I asked that everyone who could give several times a year to try it, and that is exactly what a group of you did, by supporting the Mother's Day Raffle Ticket. (This was especially important this year because we couldn't pull off the Spring Event (which netted us \$15,000 last year) - "Sinatra Night". It was just too close to the NCAA Basketball Championship and the Scholarship Applications due date, which was extended into April, so time just didn't permit. We sold 126 tickets with 66 of those tickets being sold after we contacted last year's buyers to try again this year. The drawing is this week, so more next issue on our big winners! Happy Mother's Day wishes to all of our Moms!

Lastly, we just completed the process of contacting donors to ask them to serve as Scholarship Application Judges. I had the opportunity to spend a little time talking with them and I am thrilled to report that a number of our Judges are going to include the Blue White Scholarship Foundation in their Estate Planning. Any monies or property left in a bequest to BWSF will go to the Endowment. This money is invested and the principal is not touched. Only interest is used for scholarships. I hate to talk about wills and trusts, but the demographics of our typical BWSF donor is between 65 and 85 years old. If we don't have an Endowment, then it is unlikely that we will be able to sustain this organization which has now been in existence since 1973, first starting with the Wildcat Club, and now transitioned into the Blue White Scholarship Foundation. Now that a committee has been formed to address an Endowment, I can promise that the BWSF will continue long after my watch. The concept has been re-introduced this past year, and 2017 will be focused on gathering those leaders who want to make certain that we have scholarships for our middle class students long into the future.

Below is Francesca Cocchi. She is what this scholarship fund is all about. Dad was a CFO for a mid-sized NJ construction company and was driving to work one day when suddenly he couldn't see. After several surgeries at Wills Eye hospital he regained some eyesight, but will never be able to work again. He's living on disability now and his wife is a school teacher. Francesca needed help and we are there for her. The below picture (Left) is her and some of the other cheerleaders marching in the Championship celebration parade in Philadelphia. The other picture (Right) is me at the NCAA game after we won. I put this in just for donor Regis Magnus. He asked me why I don't "Show my face". The answer is—I'm not shy, I just like featuring others.

Blue White Scholarship Foundation Instills the Next Generation with the Ideal of “Pay-It-Forward” as Conceived by the Original Inventor

SPREAD THE WORD OF OUR MISSION

- Villanova reports a 20% shortfall in what they can provide in financial aid to students. This indicates that the average student's annual tuition shortfall is about \$13,000.
- The Blue White Scholarship Foundation –BWSF (a.k.a the Blue White Club) was started by Alumni that give not only to the University, but dig deeper into their pockets to help students directly.
- Our Focus — Middle Class students who don't qualify for enough financial aid, and the result is a “Short Fall” — BWSF bridges the tuition gap.
- Our Focus- We also help those students who have encountered an unexpected financial hardship i.e.-Parent lost their job, family member is sick/ high medical bills.
- Giving Back is a big lesson. Our scholars take the Ben Franklin Pledge to “Pay It Forward” to help another distressed student in the future.

“If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest.”
Ben Franklin

5 Easy Ways to Get Involved & Give Back

1. **Keep in Touch & Drop Us A Note** – The Most wonderful part of the day is hearing from you! People love to hear about friends, family and our students, so share your good news and drop a note or call.
2. **Help Raise Money by a click of a button-** – **Companies and Foundations check on the number of Social Media followers an organization has to determine eligibility for funding.** This past year we started a corporate page and now have over 1,000+ followers, but we need to increase this. **Please “Like” the BLUE WHITE SCHOLARSHIP FOUNDATION Corporate Page on Facebook, and please join our LINKED-IN GROUP– called BLUE WHITE CLUB.** This is new, and there are only 54 members. Our Scholarship Recipients have asked me to start this because they are interested in having you, our donors, mentor them, and they also want to network with each other. **Please View our You-Tube Video's and then SHARE—** It's fun & this will help with our statistics.

How & Where to go to click a button? Go to www.BlueWhiteClub.org and click on each of the Social Media buttons at the top of the web page to connect to each of these sites. Let's see how fast we can grow!
3. **Attend an Event**– Come back for Parent's Week-End or Homecoming, attend our receptions, and meet our scholars. This past year the students told me *“We love talking & meeting with donors/ our patrons!”*
4. **Open Your Home or Business as a Venue Site**– To save money we look for sites that cost nothing to rent. This also allows us to do our own catering. So why not be a host for an evening and sit back to sip some wine? We will do the rest and raise some money!

Meet Our Scholars

These students are what drive the Blue White Mission year-in and year-out. We understand that not everyone can attend Blue White's events and it is hard to meet the scholars, so we are bringing them to you. This year, each Newsletter has featured our outstanding scholars, sharing their background and showing you how your contributions are assisting them. Our goal is to inspire you to share our mission with other alumni so we may continue to help these students and our future scholars.

Career Aspirations: I hope one day to become a doctor. Specifically an oncologist or surgeon.

Favorite Quote: "The poorest man in the world isn't the one without a dime in his pocket, its the one without a dream"

"The Blue White Scholarship is allowing me to focus more on the future and less on worrying about paying for school. It also is a way I can lessen the financial burden on my single father."

MARCH “Donor of the month”

Mike Helmick’ 64

Michael P. Helmick received his Bachelor’s degree from Villanova University in 1964. After receiving his MBA from the University of Pittsburgh in 1965, he joined Arthur Young & Company, where he worked in public accounting as both an auditor and partner. In 1986, he joined First Manhattan Company where he served as a partner until 2006 and then Managing Director until 2010. Now that Mike is retired, he has graciously offered his expertise to the Blue White Scholarship Foundation and currently sits on the 2015-2016 Board of Directors. Mike is amazing! He is a 20 year donor, making him a Loyalty Society member; he gives a substantial amount of money annually, making him a part of the Ambassador Society, and he is one of the first members to pledge contributions monthly under the Today’s 100 Leaders for Tomorrow’s Future-Endowment Leaders. This makes Mike our BWSF Triple Crown Winner!

Since it’s May here’s some Fun Facts– The Triple Crown!

The U.S. Triple Crown of Thoroughbred Racing (aka The Triple Crown) is the highest honor a race horse can attain. To win the Triple Crown, which take place in May and early June in the United States, a 3 year old horse must win all three legs, or jewels, in the series. The three races are: The Kentucky Derby, The Preakness Stakes, and The Belmont Stakes. Starting from 1919-2015 there have been 12 Triple Crown Winners.

In **1919 Sir Barton** became the first racehorse to win all three races. At this point, the term “Triple Crown” was not yet being used. In 1948, when Sir Barton was officially recognized as the first U.S. Triple Crown winner, he managed the feat with attitude (he was known for his dislike of humans) and style (with soft feet, he often lost his shoes during the race) and is buried—where else?—under a statue of a horse in Wyoming.

The phrase “Triple Crown” was used for the first time in **1930** after **Gallant Fox** won all three of these races. The term was coined by sportswriter Charles Hatton of the New York Times. Gallant Fox's success led him to become the sport's all-time money earner at the time and helped cement the notion that the Kentucky Derby, Preakness, and Belmont Stakes were what American sportswriters would call the “Triple Crown.”

Omaha (1935) When the gates opened at the Belmont that year, Omaha was unable to surge to the front of the pack. It wasn't looking good. No matter, Jockey Willie Saunders patiently pushed Omaha to the front and fought for a lead position. It worked of course, and Omaha won by a margin of 1.5 lengths.

War Admiral (1937) War Admiral first rose to prominence as the progeny of Man O' War, but it was an undefeated second year that gave the horse a reputation to call his own. The Admiral won the Derby comfortably but the Preakness only by a head, securing his hat trick at Belmont with violence—a slashed heel caused a trail of blood en route to the finish line.

Whirlaway (1941) No one thought Whirlaway was the smartest or best horse, but the horse known for running all over the racetrack—swinging to the edge as he came off a turn—managed to run all over his competition to become a star. He shined brighter than the biggest sports stars of the era: Baseball player Joe DiMaggio and boxer Joe Louis.

Count Fleet (1943) In the midst of a world war, the Count won 10 of his 15 starts—but it was his increasing strength that will be remembered—a three-length win in the Derby, an eight-length win in the Preakness, and a jaw-dropping 25-length win in the Belmont, a record until Secretariat topped it 30 years later.

Assault (1946) He was a delicate horse (less than 1,000 lbs.) who suffered from internal injuries and a misshapen hoof. But the "Club-Footed Comet" overcame those shortcomings with a strong gallop and a Triple Crown sweep.

Citation (1948) Though his races were thrilling, Citation is most notable for breaking a different kind of Triple Crown record—the millionaire mark. Upon retirement, he became the sport's first millionaire with a bankroll of \$1,085,760 and a record of 32-10-3.

Secretariat (1973) Secretariat captured hearts and the covers of magazines nationwide. Known as "Big Red," the horse is remembered for his Belmont Stakes win, claimed in a world-record 2:24 and besting the runner-up by an incredible 31 lengths. It was the first Triple Crown win in 25 years.

Seattle Slew (1977) Slew wasn't a looker, as they say, but, emerging from early chaos, he won the Derby by two lengths, the Preakness by a length and a half, and the Belmont by an impressive four lengths. Slew was the first undefeated Triple Crown winner.

Affirmed (1978) Affirmed's win marked the first time the Triple Crown had been won in consecutive years. Affirmed's road to success is best known by his rivalry with another horse, Alydar. Their duel was a thread that ran through Affirmed's eventual Triple Crown win: The former bested the latter by just 1.5 lengths in the Derby, by a neck in the Preakness, and by a hair in the Belmont.

American Pharoah (2015) —as opposed to “pharaoh,” the proper spelling of the word—is the first Triple Crown winner in a generation, and only the 12th in nearly a century. More than a dozen horses have won the Kentucky Derby and Preakness but lost the Belmont in the 37 years since the last horse, Affirmed, won the Triple Crown. Source: Fortune Magazine

APRIL “Donor of the month” Jeremy Plymette

Jeremy is a 2011 MBA graduate from Villanova School of Business. After a brief stint in the music industry immediately out of undergraduate school, he leveraged his degree in advertising to begin his now 10 year tenure with one of the world’s largest out-of-home media vendors, Clear Channel Outdoor, a subsidiary of iHeartMedia ,Inc. During his time there, he has successfully risen through the ranks, holding positions as an Account Executive, Philadelphia’s first digital bulletin network Digital Media Manager, local Sales Manager, and now Senior Director of National Sales Revenue Management. It is in this current position where he advises his sales colleagues and C-suite leadership on the maximization of over \$350M of annual revenue, as well as partners’ cross-

functionally, in order to go-to-market with new sales products & opportunities. Jeremy resides in Center City Philadelphia and is a native of the greater Philadelphia metropolitan area. He is a member of the World Affairs Council of Philadelphia, the FBI Citizen’s Academy Alumni Association, and the Outdoor Advertising Association of America. In addition to serving on the BWSF Board of Directors, Jeremy also volunteers with the Philadelphia Advertising Club TEENS program which educates middle school students with advertising & marketing fundamentals.

Jeremy was excited to become a part of the Blue White Scholarship Foundation Board of Directors as he has always held all levels of education in high regard. He was especially interested in the mission of the Blue White Scholarship Foundation because he could fully relate to the need of the middle class students. He himself worked full time while he earned his MBA. Jeremy has been a tremendous asset to BWSF bringing his much needed marketing expertise. He has been instrumental in implementing a social media strategy and has been able to secure his company as corporate sponsor for advertising. Over the past year, throughout my networking activities, I have constantly been told “ I never knew you (Blue White) existed.” In order to overcome this hurdle, we needed to advertise. Below you can see one of three billboards that was donated to BWSF. For one year, these billboards have been donated and are being rotated around the Delaware Valley to raise awareness of our scholarship program.

Thank you to Jeremy Plymette who was able to secure \$80,000 of “FREE” advertising for us! Featured on the billboard is Samantha Cerra one of our 2005 scholars. You might recognize her from your “thank-you” notes. I am happy to report that

MAY “Donor of the Month” Fred Wolanin

Alfred Wolanin, D.D.S.

Dr. Fred Wolanin is the President of Suburban Oral Surgery, PC, located in Havertown, PA. He also is the Campus Chief at Lankenau Medical Center's Oral and Maxillofacial Surgery and Dentistry, and System Chief of Main Line Health for Oral and Maxillofacial Surgery and Dentistry.

Fred graduated from Villanova University in 1973 with a BS in biology. During his time at Villanova, Fred was a member of the Villanova Singers, Lambda Chi Alpha fraternity, and an elected member to the academic policy committee from the college of arts and sciences. After graduating from Villanova, Fred attended Temple University School of Dentistry followed by a residency at Temple University Hospital in Oral and Maxillofacial Surgery. Fred also served his country and was on active duty in the U.S. Navy for six years. He was recalled to Operation Desert Storm, Saudi Arabia in 1991 and retired in the rank of Captain, DC, USNR.

Fred is active in the Boy Scouts of America in Radnor Township, a member of the 2014-2016 Blue White Scholarship Foundation Board of Directors and a class representative at Villanova for alumni reunions. Fred lives in Newtown Square, PA with his wife Mary Beth and has four children, one of whom is a Villanova graduate. We have chosen Fred for his absolute unwavering dedication to getting the job done. He was been the first person to volunteer to solicit auction items, sell raffle tickets, set up for an event or even make phone calls. For Lobster Night, Fred and Mary Beth drove to Avalon, NJ to be part of the “Kitchen Patrol Squad”. He always says “yes” to buying a full table for an event. As Villanovans we aspire to the virtues of Veritas, Unitas, Caritas (Truth, Unity, and Charity), Dr. Fred Wolanin lives these. Please introduce yourselves to Fred at either the Benjamin Franklin Pledge –Sunday, September 18, 2016 or during the Homecoming party.– Saturday, October 23, 2016 He will certainly greet you with a warm smile, firm handshake, hand you a beer and maybe just tell you a joke or two!

TREAT YOURSELF FOR FATHER’S DAY!

Through individual biographies, this book chronicles the history of 175 Villanova athletes who have participated in professional sports since the **1800s**.

Father’s Day Special \$50
Normally only available for \$25 per month donors.

Thirty One Years later –The 1985 NCAA Men's Basketball Team– Cheering the Wildcats!

March Acts of Kindness

Alex Breckenridge '57 & Ed Collymore, '57

Last month I received a phone call from my dear Scottish friend, Alex Breckenridge. I just adore speaking with him, because he reminds me of my Irish relatives. We had quite the extended family back then, and all generations lived together. Alex phoned me to give me his credit card to purchase our book-*Wildcats-A History of Villanovans in Professional Sports* for his dear friend and track superstar Ed Collymore. (Ed had just bought and E-mailed him a book.) It's 60 years later, and these two are still friends who watch out for each other, but this is what happens when you are teammates. Below is a picture of the 1957 Villanova track team featuring both men. This team was termed by many as the "greatest track team ever assembled". Winning the 1957 NCAA outdoor championship, Jumbo's squad featured 5 Olympians, who together captured 4 Gold Olympic Medals. WOW!

Front row (left to right): [Ed Collymore](#), Ron Delany, Jumbo, [Alex Breckenridge](#), Charles Jenkins. Back row (left to right): Phil Reavis, Charlie Stead, Don Bragg

April's Act of Kindness

Tom Natal '61

Karen Natel, Tom Natal '61 & Doug '87
Living the good life in Houston!

Tom will be surprised when he sees this picture under the Acts of Kindness caption, but oh what a guy! A few days ago I received a card in the mail in a green envelope addressed to one of our BWSF Scholars. Inside was a "Congratulations Graduate" Card along with some money for soon to be graduate Chris Lucido, Class of 2016. This card means more to Chris than anyone could know. It is a vote of confidence and the acknowledgment that someone really does care. You may remember that Chris is the student who was voted in as BWSF Homecoming King. He is also the one who was working his way through school by taking the night shift 6 pm-6 am at the docks in Brooklyn, NY. I'm pleased to report that Chris has been accepted into Tufts Dental School of Medicine.

May's Act of Kindness

"Mr. Bill" Class of '57 - An Anonymous Donor

Mother's Day is such a special Day because we treasure that person in our life that literally loved us no matter what. No matter how ugly the art work was it still was hung on the kitchen refrigerator, and if we played horrible in the football game, we still got the "You tried your best, that's what matters". Or, how about listening to the school concert without covering their ears. Then there's the "she" or "he" broke up with me, and I don't want to live anymore. Ok, that one is a bit dramatic, but you get the picture. It was always Mom that told us "Everything will be all right" and we were glad she said so because you didn't want your Father to know you were a sissy or crybaby. On Mother's Day you did try your best to appreciate Mum! As you grew up and started your own family, Mother's Day became a day to celebrate not only Mom, but now it was a celebration of having your incredible wife bearing children or being a Mom yourself. Moms always save the day and this is why we choose to name our Spring Raffle as a "Mother's Day Raffle".

The Mother's Day Raffle is our last chance during our fiscal year, which ends May 31st, to raise the much-needed funds for scholarships. Thank you so much for all of you who made an additional donation by purchasing a ticket, and in some cases, several tickets. One such donor is a gentleman who graduated in 1957 with a degree in Economics. He went on to have a career in human resources and retired as a Vice President for an insurance company. This gentleman whose first name is Bill, sent in a check for \$500 dollars with the following note:

Enclosed is a check for \$500 for the Mother's Day Raffle Ticket. Please distribute to 5 students. - Anonymous

For this incredibly touching Act of Kindness, Bill— A.K.A Mr. Anonymous—is our May— Acts of Kindness
